

The Coast Guard uses multiple personnel accountability and notification methods to notify personnel and family members of a severe weather event.

In the event of severe weather, Special Missions Training Center will send a warning message through the Alert Warning System (AWS) to all personnel affected by severe weather.

Personnel affected by severe weather can also call the Marine Corps Base Camp Lejeune Information System (910) 451-1717 for the most up to date Weather Advisory and Hurricane Information, or the Special Missions Training Center Training Support Cell at (910) 440-6678.

In order to properly account for affected personnel, the Coast Guard may issue an “Order to Report” following any natural disaster or event in your area. When necessary, all personnel, including dependents, will be notified by the Coast Guard Personnel Accountability and Assessment System (CGPAAS). Coast Guard personnel, dependents, and civilians employees can login at <https://cgpaas.uscg.mil> to update contact information and report their status. In the event you are unable to gain access to the internet/CGPAAS, you may report your status directly to the Training Support Center (TSC) staff at (910) 650-2369. Save this phone number to your phones and bookmark our interest site to find the most up-to-date information http://www.uscg.mil/smtc/Info_Hurricane.asp.

Those who do not possess a Common Access Card (CAC) or Coast Guard standard workstation may login using their Coast Guard sponsor’s Social Security Number (SSN), date of birth, and last name.

Coast Guard Personnel Accountability and Assessment System

<https://cgpaas.uscg.mil>

The screenshot shows the CGPAAS login page. At the top, there's a navigation bar with links like 'File', 'Edit', 'View', 'Favorites', 'Tools', and 'Help'. Below this is the CGPAAS logo and the text 'Coast Guard Personnel Accountability & Assessment System'. The main content area is divided into two columns. The left column is for 'Coast Guard Military, Civilians, and Active Duty Dependents' and the right column is for 'CGPAAS CORS and Administrators'. Both columns have a 'Click Here' button. A sidebar on the right titled 'What is CGPAAS?' provides a brief overview of the system. The footer contains contact information for CGPAAS Support, a privacy notice, and an accessibility statement.

Login Problems
If you have problems accessing CGPAAS, [click here](#) to send an email for assistance. Please include your name, phone number and Dept ID (if possible) in order for us to contact you. **Please, do NOT include SSN/DOB.**

What is CGPAAS?

Coast Guard Personnel Accountability and Assessment System (CGPAAS) standardizes a method for the Coast Guard to account, manage, and monitor the recovery process for personnel and their families affected and/or scattered by a wide-spread catastrophic event. CGPAAS provides valuable information to all levels of the Coast Guard chain of command, allowing commanders to make strategic decisions which facilitate a return to stability.

CGPAAS allows Coast Guard Personnel to do the following:

- Report Accounting Status
- Update Contact/Location Information
- View Reference Information

Contact [CGPAAS Support](#) This is an Official U.S Coast Guard Web Site [Privacy & Security Notice](#)

SSN and DOB are used by CGPAAS for user log-in and authentication only. It is sent to CGPAAS in encrypted format. SSN and DOB information already resides in CGPAAS and is not captured and stored from log-in. It is not displayed in CGPAAS in any form and is not used for any purpose other than U.S Coast Guard-approved personnel accountability. Users can change their password from DOB after log-in by going to the "MyInfo" page.

Please read our [Section 508/Accessibility Statement](#).
